DEATHS

1898 --- 1908

MID-COLUMBIA LIBRARY

FOREWORD AND ACKNOWLEDGEMENTS

The 1,440 deaths that are recorded on these pages were copied from very hard to read handwriting. At certain instances it was impossible to determine the exact spelling of the deceased's name. There will be "?" marks to denote our inability to read the name. No doubt we have used a's, e's, and o's when they should have been something else. If we have erred, we are sorry and apologize.

The Society wishes to thank the Officials at the Doniphan County Court House, Troy, Kansas for their gracious hospitality in allowing us the use of the books and a place to work. to Annabell Vojta for typing all these records, and all others who helped.
