FOREWORD

After three long years of-

Checking original licenses with the Marriage book in the Probate Court of Shawnee County, Kansas.

Microfilming original licenses or applications, if the license was damaged or missing.

Entering the names of the bride and groom with date of marriage, reel and frame number of each license in the computer.

Proofreading.

FINALLY, we hope we have a book that will prove of value to those searching Shawnee County, Kansas records.

This book was completed and published with the permission of the Third Judicial District Court for the State of Kansas, and the able assistance of Richard Schultz, The Court Administrator.

During the year 1866, Declarations were filed by many of the black community of Shawnee County, Kansas, acknowledging themselves as husband and wife, according to the "Custom of the colored people of the States of Kentucky, Tennessee, Missouri and Arkansas". One marriage was as early as 1829, others of a later date; the dates used in this book are the dates of Declaration.

There are two parts to the book: the first is the marriages and index to the roll and frame number of the licenses, referred to a C-1 or Roll-1; Sequence #2397 or Frame #2397. The second part of the book is the Bride's Index which reads across the page alphabetically and refers to page and line number.

The licenses were filmed in chronological order by date issued; the date in the book is the date of marriage since in some instances there were several months between the date issued and date of marriage. Some licenses are not completely filled out - only the application, but on the back the date the licenses were issued and filed are both dated with the same date as the application. Usually, the license that was not used has a notation across the face of the license, stating that it was not used.
